

SUBSTITUTE FIGURES

Substitute Figures 1 and 2 have been prepared and are submitted herewith. Figure 1 has been amended to make the labels consistent with the description contained in the specification. The substitute Figure 1 now properly indicates “Monitor 18” rather than “Display 18” and “Persistent Storage Medium 20” rather than “Hard Drive 20”. Figure 2 has been amended so that the graphic depiction of the content fetcher 34 is placed within the persistent storage medium 20 as described in the description of Figure 2.
